

Thank You for ENDING MY WAIT

for comprehensive services

Meet Nathan:

- I currently live in a host home in Aurora.
- I received an emergency placement. I was admitted to the hospital in 2018 due to malnutrition after adult protective services were called due to my family's inability to care for me properly. These services helped to free me from abuse and neglect.
- I recently expressed my desire to become my own guardian.

“I spent 4 months in the hospital and was given an emergency slot which led to my current host home. Since then, I have gained more than weight, I have healed more than my bedsores, I have gained a family and begun to heal my heart. My host home providers care for me in more ways than just nursing, but by being my family”

-Nathan
