

END MY WAIT

for comprehensive services

END THE WAIT for Amy

- I live in Hayden with my mom, dad and privately paid caregiver.
- I've been waiting for comprehensive disability services for at least 10 years.
- I work two afternoons at my job and want a second job. I want to work more and make more money because I have a Diabetic Alert Dog that costs extra money.
- A Personal Goal: I want to become more confident with my Diabetic Alert Dog Leo and with myself in general.

"I have to be driven by my parents or caregiver 20 miles to work and any activities. Any time I want to hang out with my friends, I need a ride. I would be able to live in Steamboat where I work and where my friends are."

-Amy
