

Sarah Smith, MSW

Chief Services Officer - Innovation and Support at Imagine!

ssmith@imaginecolorado.org

As an advocate for people with disabilities for more than 15 years, Sarah Smith is driven to find innovative solutions to complex challenges. She started her career as a direct support professional and currently serves as the Chief Services Officer at Imagine! Colorado. Since moving to Colorado in 2016, Sarah has been active in several state and local capacities, including as a member of the Colorado Advisory Council for People with Disabilities and former co-chair of the Wheat Ridge Regional Center's Human Rights Committee. She is fiercely passionate about building environments where people feel welcomed, respected, and valued. To that end, Sarah recently served as co-chair of Alliance Colorado's Inclusion, Diversity, Equity, and Accessibility (IDEA) committee, where she helped in the development of IDEA best practices for disability services providers.

Kyle Hammond

Remote Supports Consultant at SafeinHome

khammond@safeinhome.com

Kyle Hammond is a human services leader committed to building more inclusive, accessible systems of support for people with intellectual and developmental disabilities. He brings deep experience in program development, community partnerships, and policy-informed practice, with a focus on dismantling barriers and advancing equity in service delivery. As a Remote Supports Consultant with SafeinHome, Kyle works across Colorado to help individuals and organizations integrate innovative, person-centered technologies that promote independence, dignity, and choice.

Ken Wilkinson

Founder & CEO at Layer 10

kwilkinson@layer10.com

Ken Wilkinson is a thought leader in smart buildings and technology integration, helping developers, architects, and property owners create future-ready, experience-driven spaces. As CEO of Layer 10, he advocates for a human-centered approach to technology in the built environment. He also leads the Layer 10 Academy, equipping industry professionals with the tools to strategically navigate the integration of technology and the built environment. Ken also serves as board president of Trailhead Community, a groundbreaking housing initiative designed to provide inclusive living opportunities for adults with intellectual and developmental disabilities. Trailhead is built around the belief that everyone deserves a safe, supportive, and connected place to call home, and Ken is proud to help advance this mission.
