

Thank You for ENDING MY WAIT

for comprehensive services

Meet Jonathan:

- I currently live in Colorado Springs with my dad.
- I waited 15 years for comprehensive services!
- Now I can attend day program more and do things in the community that I would normally not be able to do.
- My dad is now able to be a paid family caregiver and we can share our love of cars by visiting shows together. Having new services available has brought my dad & I closer together.

“Getting services has helped my self-esteem. I now have supported employment help so I can have a job and get paid for working at the golf course!”

-Jonathan
