WesCo Counseling

WEBSITE: [WesCo Counseling - Behavioral health and play therapy in Grand Junction](#)

Tiffany Montaña, LCSW, is a behavioral health therapist, clinical supervisor, and founder of WesCo Counseling. She has nearly 15 years of experience supporting Colorado's youth and IDD communities through roles in case management, residential services, program leadership, and therapeutic/behavioral services. Tiffany specializes in trauma informed, neurodivergent affirming practice and facilitates an interdisciplinary peer consultation group focused on bridging gaps between behavioral and mental health systems. Her work emphasizes treating the whole person in the context of their environment, collaborative problem solving, and personalized care that meets the specific needs of the people she serves.

Michele Gonzales, BCBA

michele@wayfind.inc

Wayfind, Owner / BCBA

Michele Gonzales, BCBA, has built and led clinical operations across multiple behavioral health clinics in Colorado, driving interdisciplinary collaboration at every level. A Board Certified Behavior Analyst since 2014 with roots in education, Michele has spent more than fifteen years building bridges — between behavioral and mental health systems, between agencies, and between the professionals who serve them. She brings to this work not only clinical expertise, but the perspective of a mother raising a non-speaking autistic adult — a lived experience that keeps equity and human dignity at the center of everything she does.
