

# Thank You for ENDING MY WAIT

for comprehensive services

## Meet Kathi!

- I currently live in Idaho Springs with my 90-year-old mom who can no longer drive and has limited ability to walk.
- I waited for 20 years for comprehensive services!
- I now get the support I need and have the security and support when my mother is no longer able to help.
- My goal was to get healthy and walk more and now I am out and about in the community and healthier.

“Because of my mother’s limitations, my interaction with the world became limited and I needed help managing my health. I now engage more in the community and have support from a nurse.”

-Kathi
